

***Armageddon***  
**Willie K. Niles © 2006**

***The biggest battle you will ever face, is the battlefield of your mind.  
The devil constantly bombards you with things from your past.  
He knows nothing new about you, so he hits you with everything old.***

***All you have to remember is this...  
Christ came down here to live with you  
He walked beside you,  
He went to Calvary hung his head, bled and he died for you.  
You bear that in your mind, no matter what the devil throws at you.***

***Just remember that Jesus paid it all, and you will win the battle of the  
devil, the battle of your mind.***
