

*My Angel*  
*Willie K. Niles 1994©*

*Verse 1(Man)*

*Lord in Jesus name it's hard to believe  
That thru her you stand stand here with me  
When we said our prayers we couldn't see  
But you knew this day right here we would be*

*Now it's so clear why we are here  
You've been preparing us for years  
Lighting our path leading the way  
Up to the moment of this day  
Now all I can say;  
Is thank you lord for my angel*

*Verse 2 (Woman)*

*Lord in Jesus name it's hard to believe  
That thru him you stand stand here with me  
In my despair thru him you were there  
To help me encourage me show me you care*

*Saw past my hurt saw past my fears  
Looked in my eyes and dried all my tears  
Made me to shine made smooth what was rough  
From this day forth you'll have my heart  
Now all I can say;  
Is thank you lord for my angel*

*Verse 3 (Man & Woman)*

*Now that it's clear why we are here  
With you by our side there's no doubt no fear  
Now we can say lord bless the day  
That God chose to send pure love our way*

*Now on this day to you lord we pray  
Stay with us lead us show us the way  
Stay by our side please be our guide  
In our hearts please let peace abide  
Lord this we do pray;  
Stay with us lord now and always.*
